

Package Bee orders for Spring 2021 will consist of March 20, April 17.

Please understand these dates are tentative; weather conditions, queen mating and many other factors beyond my control could change the scheduled dates. Also, please understand that packages and queens are sold "As Is" which means that once you leave with your bees it is yours and no longer my responsibility. I will be very careful to deliver quality packages to the pickup point; you must be careful to follow installation instructions. Packages must be picked up on the date of delivery.

Please circle the date you wish to pick up your order
